

ICAI Doha chapter hosts knowledge session on VAT, e-Invoicing and ICV readiness in Qatar

The Institute of Chartered Accountants of India (ICAI) Doha Chapter has organised a knowledge session on value added tax or VAT, e-Invoicing and in-country value (ICV) readiness, engaging participants to deepen their understanding of evolving taxation and regulatory frameworks in the country. The event featured two speakers from MBG Corporate Services. Peeyush Joardar, chief executive officer, Indirect Taxation, delivered an insightful presentation on VAT and e-Invoicing compliance, emphasising global best practices and their implications for businesses in Qatar, while Prashan Dogwani, partner (Audit and Assurance Services), elaborated on ICV readiness and advisory, explaining how organisations can align their operations with Qatar's strategic economic objectives. The interactive session saw active engagement from

participants, who raised pertinent queries on VAT implementation challenges, digital invoicing systems,

and practical approaches to ICV certifications which were addressed by both speakers. The event commenced with a

solemn remembrance of TN Manoharan, a distinguished chartered accountant who passed away on July 30 in India.
